## Meeting Real World Literacy Demands in Career and Technical Schools

- **Writing Without Borders:**
- Using Writing and Thinking Across the Curriculum as a Tool for Improved Student Performance in Every Content Area

### COURSE ONE: MEETING REAL WORLD LITERACY DEMANDS IN CTE SCHOOLS

This course provides educators in CTE schools with practical strategies and techniques to improve student writing skills while deepening understanding of academic and course material. Teachers will learn how to create engaging, authentic assignments that build real world literacy skills and prepare students for their future careers.

Instructor:  
Cheryl York McDonough

### COURSE TWO: WRITING WITHOUT BORDERS

Based on the science of learning and writing, this course provides educators with practical strategies to integrate writing across the curriculum, improve student literacy skills, deepen understanding of rigorous content, and implement an effective, sustainable writing program in all content areas.

Instructor:  
Cheryl York McDonough

### COURSE THREE: HOW DID YOU GET THAT? IMPROVING WRITTEN RESPONSES IN MATH

This course provides practical classroom strategies to help students make sense of problems, persevere in solving them, and explain their thinking clearly. Teachers will learn how to build student engagement, improve feedback, and help students develop the skills needed to solve complex problems.

Instructor:  
Bill Atwood
